Indigestion Loss of Strength And Appetite.

The testimony of Mr. R. Dennis, Adelaide, South Australia, who was cured by Ayer's Sarsaparilla, is like unto that of many thousands of others. He writes:

"It is with very much pleasure that I testify to the great benefit I received from using your wonderful blood-purifier. I was a sufferer for years from indigestion, loss of strength and appetite, and constipation. My whole system seemed to be thoroughly out of order. A friend finally told me to take Ayer's Sarsaparilla. I followed his advice, though feeling discouraged at the fruitless results of other treatment, and I am thankful to state that a few bottles completely cured me."

The medicine that has cured others will cure you.

AYER'S Sarsaparilla

Beware of imitations. The name—Ayer's Sarsaparilla—is prominent on the wrapper and blown in the glass of each bottle.

LATEST NEWS FROM HILO

TWO PARTNERS VICTIMS OF ACCIDENTS.

Messrs. Richards and Schoen Are
Laid Up—Departure of the Mat-
son for San Francisco—Socials.

A pleasant surprise party was given last week at Judge Hapai's house in honor of his daughter's birthday. The guests, about forty in number, had a splendid time and dancing was kept up until a late hour.

E. E. Richards is around town on crutches, the result of an accident caused by a horse he was leading pulling back and upsetting the brake. Mr. Schoen ran out to render assistance and received a very nasty blow on the face, which will force him to wear his nose in splints for a week or two. Both are around receiving congratulations on their lucky escape.

The Hilo Foreign church was yesterday the recipient of a fine organ, given by Mr. and Mrs. Gibb, in memory of Mrs. Gibb's brother, Mr. Hutcheon. This gift, with the pipe organ expected shortly from the Coast will enable the trustees to place an organ in each class room.

On Saturday a party of about twenty people gathered at the home of W. W. Goodale of Papaikou in answer to an invitation to hear the new "symphony" just imported from San Francisco.

In about two weeks the Kawai-nui stream will be bridged over and it will be possible to drive from Hilo to Pepeekeo. Manager Deacon was the first man to try the new road with a team.

The Matson liner Annie Johnson left for San Francisco last Tuesday with a cargo of 28,687 bags of sugar, valued at \$95,342.

Mr. Wakefield entertained a number of friends at Coconut Island last week in honor of Mrs. McLennan, Mrs. and Miss Barnard and Mrs. Walker, visitors from Hamakua and North Hilo.

The Hilo Social Club held its regular meeting on Thursday evening at Judge Hitchcock's. The program was a musical one and was very much enjoyed. Miss Mary Hitchcock leaves by Kinaiu today for San Francisco.

THOMAS SQUARE CONCERT
The following is the program for the concert at Thomas Square this evening at 7:30 by the Government band, directed by H. Berger:

PART I.
March—Honey-moon Rosey
Reminiscences of Verdi Suppe
Cornet Solo—Specialty Hazel
Mr. Charles Kreuter.

PART II.
Medley—German Melodies Thiele
Ballad—That Low, Soft, Re-frair Itzel
Gavotte—Rhine Sounds Ltann
Waltz—Blue Danube Strauss
Hawaii Ponoi.

HAMPTON EVENT.

Birthday of the Late Gen. Arm-
strong Celebrated.

FORT MONROE, Va., Jan. 31.
Founder's Day—the birthday of the late Gen. Armstrong, founder of the Hampton Institute in Virginia—was celebrated at the school yesterday evening by exercises, in which the students, negro and Indian, took part, and today by an address by Professor Woodrow Wilson of Princeton University. He took for his theme "Liberty"—Liberty according to its meaning in different ages and by different people, and as it is understood today by the most enlightened people. His tribute to Gen. Armstrong's character and work was simple and graceful, and as a native of Virginia, he claimed that if not Gen. Armstrong's birthplace his life work was devoted to a State already noted for its great men.

Rev. Dr. McVickar of Philadelphia spoke in the evening. Quite a large party from Philadelphia was present, and many from Fortress Monroe and the town of Hampton.

BE SURE YOU ARE RIGHT.

And then go ahead. If your blood is impure, your appetite failing, your nerves weak, you may be sure that Hood's Sarsaparilla is what you need. Then take no substitute. Insist upon Hood's and only Hood's. This is the medicine which has the largest sales in the world. Hood's Sarsaparilla is the One True Blood Purifier.

HOOD'S PILLS are prompt, efficient always reliable, easy to take, easy to operate. Hobron Drug Co., wholesale agents.

They sell most who advertise most. And why not?

WAYS OF FENCING.

Two Methods and Their Chief Points of Difference.

With the Italian method the fencer only looks to touch his adversary, and to that end all means are good. He runs, jumps and leaps upon his adversary like a tiger, he fences with his arms drawn back to his body—in fact, he fences no more, but uses his foil as he would a dagger. When he is on the defensive, he performs regular circles with his foil and uses it as he would a cane.

With the Italian method one must have a great quickness of legs, for if the fencer attacks you with a jump and does not touch you he will at once jump back to the end of the room to avoid your re-
post. It is what I call "parry with your legs." Now, if you learn to use a foil, it is to parry with that foil, not to run away in order to give you a chance to leap again. It is all right to retreat, but not too much. I prefer to be touched rather than to run away from an attack. One step back is quite sufficient.

In the French method the teacher's aim is to give his pupil all the elegance possible in each one of his movements. No jerky movements must be executed, for it is necessary that the pull should have no stiffness in the shoulder, while he must imagine that he is holding in his fingers a pen, not a foil. This is especially true for the fencer, where the fingering plays the biggest part in foiling your adversary in the parade. The point of the foil must move and turn without the hand moving from its regular position. Of course it takes a great deal of practice. The teacher never allows a pupil to enter into a contest with anybody until he knows how to make a frank attack with the arm extended without jumping or to parry without running away. If he enters into a contest without these qualities, he will naturally become a fencer of the Italian style and find that his touches are not counted according to American rules.

When a pupil is entering an assault and is touched by his adversary, he must be able to tell what kind of an attack he has made or what attack his adversary has made on him. Then he becomes a good fencer, for he uses judgment. In the French method the contest is supposed to show elegance, quickness and good breeding between the adversaries, and not a regular rough and tumble as it does in the Italian method.—Minneapolis Times.

I have given Chamberlain's Cough Remedy a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.—Geo. E. Wolff, Clerk of the Circuit Court, Fernandina, Fla. Sold by all druggists and dealers. Benson, Smith & Co., wholesale agents for H. I.

EXECUTRIX' NOTICE.

All persons having claims against the estate of the late Captain Henry W. Mist, deceased testate, are hereby notified to present their claims, duly authenticated and with proper vouchers, if any exist, to the undersigned at the law offices of Alfred S. Hartwell, over Bishop & Co's. Bank, Honolulu, Hawaiian Islands, within six months from the date hereof, or they shall be forever barred.

Honolulu, January 13, 1897.

JANE MIST,

Executrix of the Will of Henry W. Mist, deceased.

IN THE CIRCUIT COURT OF THE FIRST JUDICIAL CIRCUIT, REPUBLIC OF HAWAII, IN PROBATE.

In the Matter of the Estate of Robert E. Brewer, Minor. Before Perry, J., At Chambers.

ORDER TO SHOW CAUSE ON APPLICATION OF GUARDIAN TO SELL WARD'S REAL ESTATE.

On reading and filing the petition of Nannie R. Rice, the Guardian of Robert E. Brewer, a minor, praying for an order of sale of certain real estate belonging to the said ward, being an undivided one-twentieth part of the lands and hereditaments on the Ewa makai corner of Judd and Liliha Streets, in Honolulu, which were conveyed by Emma Kaleleonalani to John D. Brewer, by deed dated the 29th day of April, A. D. 1875, and recorded in the Registry of Deeds in said Honolulu in Book 42, pages 187-188, and now owned by the heirs of Charles Brewer and said minor as tenants in common, and setting forth certain legal reasons why such real estate should be sold, to-wit: that the other owners have agreed to sell their interests therein, and that the title is in dispute and may be the subject of litigation, and that therefore it would be for the benefit of the said ward that his interest in said real estate be sold and the proceeds put on interest or invested in some productive stock:—

IT IS HEREBY ORDERED, That the next of kin of the said ward and all persons interested in the said estate, appear before this Court on Friday, the 5th day of March, A. D. 1897, at ten o'clock a. m., at the Court Room of this Court in said Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.

AND IT IS FURTHER ORDERED, That a copy of this order be published on each Saturday for at least three successive weeks before the said day of hearing, in The Hawaiian Daily Star newspaper, published in Honolulu, the last publication to be not less than ten days previous to the time therein appointed for said hearing.

Dated, Honolulu, H. I., Jan. 29, 1897.

(Signed) A. PERRY,
Second Judge of said Circuit Court.
Attest: P. D. KELLET, Jr.,
Clerk First Circuit Court.

Improved No. 2 Bulls-Eye (1896 Model.)

For square pictures, 3 1-2x3 1-2 inches. Size of Camera, 4 1-2x4 1-2x5 3-4 inches—116 cubic inches. Weight, 18 ounces. Length of focus of lens, 4 14 inches.

This Camera is built on the "Cartridge System" and can be loaded in daylight. Fitted achromatic lens, set of three stops, socket for tripod screw, and improved rotary shutter for snap shots or time exposures. The slides for changing stops and for time exposures are alongside of the exposures lever and always indicate by their position what stop is before the lens, and whether the shutter is set for time or instantaneous exposure. There is, therefore, no danger of the too common error of making snap shots with the smallest stop in the lens, or setting the shutter for a time exposure when a snap shot is intended, or vice versa. Handsomely finished and covered with leather.

No. 2 Bulls-Eye, fitted with achromatic lens, \$8.
